Magic Forest Journey – a Fairy Tale Event at Waldorf School of the Peninsula Open to Local Children

MOUNTAIN VIEW, Calif. -- Saturday, October 25
5:30 to 8:30 p.m.

Waldorf School of the Peninsula Mountain View Campus
180 North Rengstorff Avenue
Mountain View, Ca. 94043

Have you ever watched a fairy tale come to life — Scarecrows dancing in the garden? The Shoemaker and Elves cleverly crafting shoes? For 20 years young children at Waldorf School of the Peninsula have experienced the wonder of these and other candlelit vignettes enacted by teachers, parents and our own fifth grade students.

During the 30-minute journey, lantern light glimmers through the trees as kindergarten and nursery children stroll along a jack-o'-lantern-lined path during the annual Magic Forest evening. Other vignettes include forest fairies dancing to enchanting music, scarecrows dancing about, and Grandfather Twilight sending everyone home for a night of sweet dreams.

We welcome nursery and kindergarten children, between the ages of three and seven, accompanied by an adult. Please invite your friends and family with young children!

Plan to come 15 minutes early to check in as traffic can be unpredictable on a Saturday. This event takes place on our Mountain View campus. The journey will take approximately 30 minutes.

Limited tickets are available for \$6 per child. Reservations and pre-purchase required. Tickets will not be available at the event. Tickets are available at magicforestjourney.eventbrite.com.

Waldorf School of the Peninsula was established in 1984 by a small group of parents and educators, who were motivated by the great need, in the highly technological area of Silicon Valley, for a school that addresses the heart and will as well as the mind of the child. WSP currently serves approximately 320 students in our nursery through high school programs.
